

Loved our experience working with Julie! She was great. My mom & I thought about doing invitations ourselves, but once we started the process it was a TON of work so we decided to see if we could find some for a reasonable price. Julie had many different invitations in all different price ranges. She was great at giving us a reasonable number of options within our price range without overwhelming us and trying to push us into spending more than we originally budgeted for.

I live in Chicago and was having the wedding in Grand Rapids, MI so Julie was very flexible about meeting with us and made herself available last minute.

Couldn't be happier with our experience with Julie! I highly recommend her and she has such beautiful invitations!

The Invitation Place was easy and the product was more beautiful than we could have imagined. We couldn't make it for an in-person meeting, so we did it all online-Julie worked with us by phone and email and had great pointers. She even knew all of "the rules" to ensure we were using proper etiquette for our invitations. I highly recommend The Invitation Place.

Julie was amazing! I went in there having no idea what I wanted for invitations for my wedding . And I also had the thought in my mind that it may be cheaper to do them all myself. I am so thankful that I went to Julie for help!!! She helped me pick out the most amazing invitations. I would have never thought an invitation would set the scene for my wedding. But it did!!! They fit us as a couple perfectly. And I can honestly say I would have spent WAY more doing then myself, and they would have not been anywhere near the quality! Julie was amazing! And I would recommend anyone needing invitations for anything to go to Julie!!! Thank you again!

Working with The Invitation Place could not have been easier! Julie was extremely easy to work with and has SO many options for whatever your need or budget is. I had my invitations, place cards, and seating/menu board all done through her and I could not have been happier with the results. I had so many compliments on her work, and she was really able to pull everything together beautifully. She paid such attention to detail and

really worked hard to provide options that perfectly fit the theme of the wedding. She was exceptionally accommodating, quick, and easy to work with; the value and quality of her work is surpassed by no one!

Julie was wonderful!! She was a great help in our wedding invitation selecting/ordering process. Her responsiveness to my phone calls and emails was outstanding. Our invites turned out beautiful and we received many compliments. She also did our reception seating chart which also turned out amazing!! I recommend Julie to any bride who might need a little "hand holding" during her decision making process as Julie is patient and knowledgeable in helping you through the steps. Definitely recommend The Invitation Place.

The Invitation Place was incredible to work with. Julie was very flexible. We were planning the wedding from outside of the state and she was kind enough to send me pictures with all of the options we could choose from. She also worked with our budget. We received many compliments on how nice the invitation was as well. We liked her so much, that we ordered our thank you notes as well from her! I will be using her for other services in the future but if you are planning a wedding, I highly recommend the Invitation Place!

I was very happy with The Invitation Place. Julie fit me in for an appointment on a day she usually doesn't work just to accommodate our tight schedule. She responded to any and all questions I had very quickly, and my invitations and thank you cards turned out beautifully. I would certainly hire her again and would recommend her to anyone looking for really above and beyond type of service. I thought her prices were very fair as well! Great vendor all the way around!

I was incredibly happy with my decision to work with Julie at The Invitation Place. She had a wide variety of invitation options and I was able to find something I loved that fit my budget! I received my invitations very quickly and they were beautiful and of high quality. I would highly recommend anyone use Julie!

I had a very difficult time finding an invitation that I liked. I was looking for a simple, elegant and classic invitation printed on heavy card stock. Additionally, I wanted traditional wording. I tried everything from Michaels to high end stationary websites. I looked for a couple months, ordered several samples but could not find exactly what I had hoped for. I was willing to settle on something that did not meet my expectations when I found Julie's website. After reading her reviews, my first thought was, this lady must have a lot of friends who wrote reviews for her because no one could be this good. I went ahead and contacted her and I have to say she exceeded my expectations. She worked so hard to get me exactly what I wanted and in the end, my wedding invitations were all that I had dreamed they would be. Her pricing was the best around. I was willing to pay a lot more, but I didn't need to. I received so many compliments on the invitations because they were so classic and simply beautiful. Julie stayed on top of everything, she spent so much time on my order and I would encourage any bride-to-be to contact Julie.

Working with The Invitation Place was a real blessing. My family moved out of town before I started planning my wedding and I didn't have anyone to help me through the process. Having Julie's knowledge and experience really lifted a lot of uncertainty I had in following proper etiquette. Thank you! -- Not to mention, the quality of the end result was fantastic! I got many compliments on our save-the-dates and invitations.

Julie was awesome to work with. We did everything on-line and via email. She always responded back with my questions within 24 hours. It was very nice to have a 2nd person review all the wording and give feedback. We have received a lot of compliments on our invitation. I would definitely recommend The Invitation Place in Grandville.

Julie was a pleasure to work with and helped us stay in our budget while still managing to deliver us beautiful, elegant invitations, placecards and thank you cards. She had all styles to choose from and really helped us to find an invitation that was unique to us and our personalities. I would highly recommend The Invitation Place to any bride!

I love stationary and it was really important to me for the wedding. Our colors were navy blue and orange and I fell in love with the invitations on the website and took the chance in asking if the envelopes could be customized in a different color. Julie was FANTASTIC to work with! She was so prompt on returning e-mails, being available for phone calls, advising on etiquette and ensuring that I was comfortable and happy with every step. The invitations came out beautifully! Julie is truly someone that is the face of her company and was just wonderful, I cannot say enough about her and her help during our invitation ordering process!

Julie did a wonderful job helping me with the proper wording for a destination wedding and a reception locally. She was very patient with me as I struggled with the "perfect" invitation. From beginning to end, Julie was there answering my phone calls and emails! Definitely would recommend her to any future brides!

Julie was simply awesome to work with. She is very prompt in returning phone calls, emails, and texts. She was also very flexible in scheduling meetings. I loved the variety of products that she had to offer with a wide price range as well. The quality of our invitations was great! We received so many compliments on our Save the dates and invitations. They were very different than what most have seen before. I will recommend Julie to anyone and everyone!!!

Julie from the invitation place did an amazing job on our seating chart poster. She was super prompt with emails, easy to work with and made a beautiful poster for such a reasonable price. I would highly recommend her to do a seating chart poster instead of the traditional seating place cards!!

Julie provided very personal and professional service. I ordered my invites and favors from her. She spent a lot of time with me picking out invitations and was very patient. Julie was also very attentive with replying to emails which was important to me since I was an out-of-town bride.
